

Effective 2/26/2009

CGC Preparation & Practice Workshop

Instructor: Julene Cooper, CGC Evaluator

SATURDAY, Nov. 7, 2009

2:30 PM–5:00 PM

**participants with dogs will practice each portion of the test and receive instruction on ways to improve their dogs' performance. Auditors will be able to see the actual test structure & watch each station be performed.*

Here's your chance to fully prepare for the next CGC test at Family Dog. Bring your dog and practice the various stations with feedback and instruction from Julene Cooper, CGC Evaluator. Or, if you prefer to come without your dog, you can observe the mock test, instruction and handling, as well as ask questions about how to work with your own dog in preparation for the CGC test.

This workshop is for students at Family Dog who think their dogs are ready for the CGC, as well as students who want to learn more about the program. Pre-requisite for participating with a dog: completion of Beginning Home Obedience or equivalent (OC or AG). There is no pre-requisite for auditors without dogs.

Space is limited for participants with dogs, so be sure to enroll early if you want to work your dog. Questions? Contact Julene at dogsjc@fairpoint.net.

Pre-registration (auditors and participants) must be received by **Sat., Oct. 31, 2009.**
