### General Information

This workshop is designed for children and their non-aggressive dogs. Children should be between the ages of **7 and 13** (there is flexibility on the age range, depending on the individual child), and children need to be physically able to control their dog. A parent or guardian must be present at all times throughout the class.

We'll work on a little obedience, agility, tricks and games. We'll help the children gain a little more control over their four-legged companions, while also having fun and learning about the right and wrong ways to train, play with and groom their dogs.

- This workshop is open to all well-mannered, non-aggressive dogs.
- Bring your 6' leash, long line & soft food treats.
