# Therapy Dog Workshop

**Saturday September 26, 2009**  
**3:00 pm-5:00 pm**

Eli and I have been a registered Pet Partner team since March of 2000 with the Delta Society Pet Partners Program. Eli, a Shetland Sheepdog, joined our family when he was 7 weeks old; He is now 14 years old. I originally acquired Eli to do Agility but that didn't work out. He just didn't have the drive or desire for Agility. During my classes I was introduced to Therapy Dog work. Eli was born to do this type of work. He loves people and being with them. We have visited numerous nursing homes, retirement homes and a private adult home. Last year we were accepted for the Overlake Hospital Animal Assisted Healing Program. This was a great accomplishment as we were one of the pilot teams to visit at Overlake.

Eli and I are also a registered R.E.A.D. team (Reading Education Assistance Dogs). We, along with Bev Willison and Grace, met with 3 to 4 children each (identified by their teachers) once a week for a reading session at Tukwila Elementary School in the After School Program. Unfortunately Tukwila Elementary lost their funding for the After School Program.

It is a wonderful feeling knowing that Eli makes someone's life a little brighter and brings a smile to someone's day even if it's just for a moment in time.

*Julene Cooper Instructor*

*Therapy dogs give so much to the people whose lives they touch...*

There is nothing like the feeling you experience when you see your dog bring joy, love & happiness to a child or adult in need. Dogs have that beautiful, wonderful ability to communicate without words, to aid in therapy & rehabilitation & to fill a lonely life with love & companionship.

Our workshop will help give you a better understanding of Therapy Dog work, the requirements of becoming a Therapy Dog Team and prepare you to take the challenging Delta Society Pet Partners evaluation.

This workshop is designed for students who are interested in Therapy Dog work. There will be a combination of lecture, discussion and demonstrations. We will discuss pre-requisites for both person and dog, what animals can be Pet Partners, what types of facilities you can visit and various types of equipment your dog might encounter when on a visit. You will learn the differences between AAA (Animal Assisted Activities) and AAT (Animal Assisted Therapy).

There will be an overview of the Team Evaluation requirements and process, PPST (Pet Partner Skills Test) and PPAT (Pet Partner Aptitude Test). We will also discuss acceptable and unacceptable equipment.

You will also learn about the R.E.A.D. Program (Reading Education Assistance Dogs).

# Therapy Dog Workshop

**Saturday September 26, 2009**

**3:00 pm—5:00 pm**
